

# HOBART URBAN NATURE PRESERVE

## CLIENT

Miami County Park District

## LOCATION

Troy, Ohio

## PROJECT PHASE

Master Plan and Implementation

## DESCRIPTION

Human Nature, in collaboration with Choice One Engineering and Davey Resource Group, has worked with the Miami County Park District on the master planning and implementation of two phases of the Master Plan including earthworks, lake, headwater streams, entry lane with custom entry sign and stone wall, parking and installation of native plantings, including 1,700 native trees. More recently, a paved walkway was installed with engraved pavers recognizing loved ones and community organizations. This project has received awards from the National ASLA and Ohio Chapter ASLA. It has also been published in *Landscape Architecture Magazine*.
