PROJECT PHASE

Master Plan and Implementation

DESCRIPTION

Human Nature collaborated with a multi-disciplinary team of consultants from master planning through construction to implement the master plan for this 20 acre half-mile park, with themed gardens, major works of public art, earthworks, culturally symbolic features and a preserved riparian shoreline. This project has received Honor Awards from the Ohio Chapter of the American Society of Landscape Architects, and from the Cincinnati Design Awards. It has also been published in *Landscape Architecture Magazine*.
