

MILL CREEK GREENWAY TRAIL

CLIENT

Groundwork Cincinnati -
Mill Creek

LOCATION

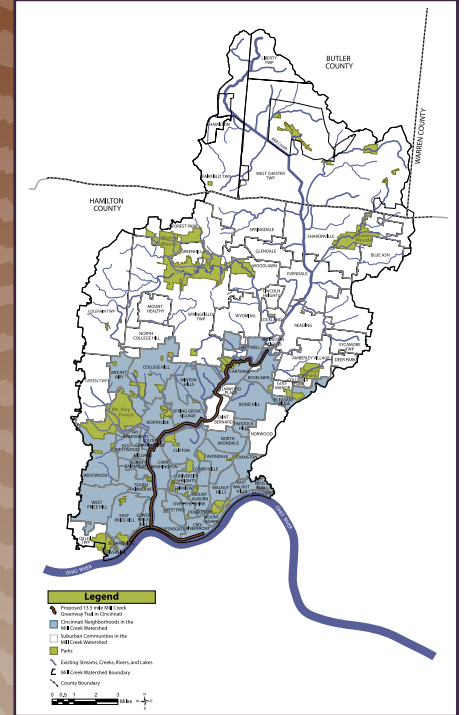

Cincinnati, Ohio

PROJECT PHASE

Phases 1-3

DESCRIPTION

Human Nature collaborated with ME Companies and Groundwork Cincinnati Mill Creek (formerly Mill Creek Restoration Project) to design and construct the first three phases of the Mill Creek Greenway Trail from Salway Park to Mill Creek Road Bridge. The final product includes one of a kind furnishings and signage that celebrates the unique natural and industrial history of the creek. The completed sections of trail connect destinations along the Mill Creek through education, sustainable design, and community involvement.
